 Web Resources 15
 Companion Readings 15

Chapter 2. Role Of Policy In Advancing Quality 17
 Learning Objectives 17
 External Stakeholders Affecting Quality 18
 Federal Health Policies and Oversight 20
 Private Health Policies and Oversight 26
 Summary 28
 Companion Readings 29
 Web Resources 29
 References..... 31

Chapter 3. Characteristics Of Complex Systems 33
 Learning Objectives 33
 Systems Thinking 35
 Dynamic Complexity 37
 Summary 44
 Companion Readings 45
 Web Resources 46
 References..... 46

Chapter 4.	Understanding System Behavior	49
	Learning Objectives	49
	A Systems Metaphor for Organizations.....	49
	Lessons for Healthcare Managers.....	52
	Going Below the Waterline.....	56
	Summary	61
	Companion Readings	62
	Web Resources	62
	References.....	63
Chapter 5.	Visualizing System Relationships	65
	Learning Objectives	65
	Interconnected Systems Model.....	67
	Three Core Process Model	68
	The Baldrige Performance Excellence Program	
	Framework	71
	Socioecological Framework	74
	Summary	76
	Companion Readings	78
	Web Resources	78
	References.....	78
Part II	Setting the Stage for Success.....	81
Chapter 6.	Establishing System Direction	83
	Learning Objectives	83
	Purpose.....	84
	The Purpose Principle	90
	Vision	96
	Context.....	99
	Summary	102
	Companion Readings	103
	Web Resources	104
	References.....	104
Chapter 7.	Setting Improvement Goals In Complex Systems.....	107
	Learning Objectives	107
	Relationship Between Goals and Results	109
	Setting Improvement Goals in Complex Systems	111
	Types of Goal Statements	114
	Critiquing Goal Statements	116

	SMART Goals and Complex Systems.....	119
	Corollaries to Purpose and Goals.....	120

Chapter 9.	Measuring Process and System Performance	149
	Learning Objectives	149
	Quality Measures and Their Uses.....	150
	Selecting Performance Measures.....	151
	Choosing a Comprehensive Set of Measures	156
	Performance Measures and the Quality Continuum	160
	Summary	163
	Companion Readings	163
	Web Resources.....	164
	References.....	164
Chapter 10.	Using Data Analytics Techniques To	
	Evaluate Performance.....	167
	Learning Objectives	167
	What Is Data Analytics?	168
	Introduction to Data Analytics Techniques	169
	Types of Data	170
	Applying Descriptive Statistics Techniques	171
	Graphical Methods.....	172

	Predictive Analytics	179
	Numerical Summary Measures	180
	Using Graphical and Numerical Methods to Analyze Process Performance	186
	Bundle and Unbundle Data According to the User's Purpose	191
	Summary	197
	Companion Readings	200
	Web Resources	201
	References.....	201
Chapter 11.	Designing and Implementing Improvements	203
	Learning Objectives	203
	Systematic Critical Thinking in Designing Improvements	204
	Implementing Improvements	212
	Summary	218
	Companion Reading	222
	Web Resources	222
	References.....	222
Chapter 12.	Using Improvement Teams and Tools	229
	Learning Objectives	229
	Charter Improvement Projects	230
	Performance Improvement Teams	232
	Improvement Tools and Techniques	235
	Summary	246
	Companion Readings	247
	Web Resources	248
	References.....	248
Chapter 13.	Making Healthcare Safer for Patients	253
	Learning Objectives	253
	Systems Model of Organizational Accidents.....	254
	Creating High Reliability.....	258
	Measuring And Evaluating Safe Performance.....	262
	Designing And Implementing Safety Improvements	267
