	Why Is the American Healthcare System So Different from Those of Other Countries?.....	82
	Cultural Competence	83
	Americans' Expectations for Their Healthcare System	88
	What Do Americans Believe About Our Healthcare System?.....	88
	Summary	94
	Discussion Questions	95
	References	95
Chapter 4.	Comparing the US Healthcare System with Those of Other Developed Countries.....	103
	Learning Objectives	103
	Healthcare Systems vs. Health Systems.....	103
	Examples of Healthcare Systems Around the World	106
	Approaches to Comparing and Ranking Healthcare Systems.....	114
	The US Healthcare System, by the Numbers.....	115
	How Does the United States Compare?	118
	Why Is Global Health Important to the United States?	124

	Summary of Important Differences Between the United States and Other Countries.....	125
	Discussion Questions	126
	References.....	126
Chapter 5.	Components of Our Healthcare System	133
	Learning Objectives	133
	Hospitals and Inpatient Services.....	135
	Outpatient Services	148
	End-of-Life and Long-Term Care	154
	Special Healthcare Systems in the United States	158
	Integration and Modern Structural Forms	159
	Other Major Components of the Healthcare System	164
	Organization Governance.....	166
	Discussion Questions	168
	References	168
Chapter 6.	People and Providers of Healthcare	179
	Learning Objectives	179
	Physicians.....	181
	Advanced Practice Professionals.....	186
	Nurses.....	188
	Dentists, Dental Hygienists, and Dental Assistants	192
	Executive and Administrative Staff	192
	Discussion Questions	197
	References	198
Chapter 7.	Patient Care: The Purpose of the System.....	205
	Learning Objectives	205
	Improving Health and Well-Being.....	205
	Categories of Patient Care.....	209
	What Constitutes Accountable Care?.....	212
	Key Issues in Patient Care	213
	Discussion Questions	234
	References.....	234
Chapter 8.	Financing a Massive System.....	247
	Learning Objectives	247
	Five Main Funding Models	248
	Health Insurance in the United States.....	251
	Managed Care.....	261

	The Affordable Care Act and Commercial Insurance	267
	Government-Sponsored Insurance.....	269
	Complexity of the Financing Function	275
	Discussion Questions	275
	References	275
Chapter 9.	Quality and Safety—Easier Said Than Done	287
	Learning Objectives	287
	Quality and Safety: A Philosophical Background.....	288
	The State of the Art in Process Improvement.....	293
	Continued Quality Concerns.....	300
	Patient Experience and Satisfaction.....	303
	A Focus on People	305
	Leadership and Governance for Quality.....	310
	The Need for a Balanced Approach.....	313
	Discussion Questions	313
	References.....	314
Chapter 10.	The Impact of Technology on US Healthcare	325
	Learning Objectives	325
	Medical and Information Technology	325
	Medical Technologies in Constant Development.....	328
	Telemedicine, E-health, and Telehealth	329
	Information Management	332
	Electronic Health Records and Electronic Medical Records	333
	Information Technology and Value-Based Care	338
	Cybersecurity	340
	Technology and Cost	342
	Innovation and Leadership	343
	The Technological Imperative	344
	Discussion Questions	346
	References.....	346
Chapter 11.	The Pharmaceutical Industry in the United States.....	357
	Learning Objectives	357
	Origins and Growth of the US Pharmaceutical Industry	358
	The Food and Drug Administration	360

	Pharmaceutical Industry Associations	367
	Pharmaceutical Pricing and Cost	369
	The Opioid Crisis.....	378
	The Future of Pharmaceuticals	381
	Discussion Questions	382
	References.....	382
Chapter 12.	Complementary and Alternative Medicine.....	399
	Learning Objectives	399
	Introduction	399
	Natural Products.....	401
	History and Development of Natural Products and CAM	403
	The Current Regulatory Situation	405
	Botanical Drugs: A Potential Integrative Breakthrough	406
	Integrating CAM into Conventional Healthcare: Evidence-Based Preventive Medicine	408
	Conclusion.....	415
	Discussion Questions	416
	References.....	416
Chapter 13.	Health Policy and Economics.....	423
	Learning Objectives	423
	The Role of Government in Healthcare.....	425
	Levels of Government	426
	Voters Care About Healthcare.....	427
	Making Health Policy	430
	Significant Federal Regulations.....	434
	Overcoming Fragmentation	438
	The Outlook for US Health Policy.....	440
	Discussion Questions	445
	References.....	446
Chapter 14.	The Future of Healthcare in the United States	457
	Learning Objectives	457
	The Good, the Bad, and the Ugly.....	457
	Fundamental Questions.....	459
	The Future Is Change	460
	Approaching New Technologies.....	463
	Telemedicine and Related Modalities.....	464

Artificial Intelligence and Big Data.....	466
Genomics and Precision Medicine	468
Robotics.....	472
Cybersecurity Threats	472
Social Media.....	473
Ever Larger Systems of Providers	474
New Organizational Structures and Care Models	475
Wellness and an Aging Population	477
Comparative Effectiveness Research	481
Climate Change and Health	481
New and Evolving Disease Threats	482
Mental and Behavioral Health	486
Behavioral Economics	486
A Post-ACA Healthcare Insurance World	488
Closing Thoughts	490
Discussion Questions	491
References	491
