

# DETAILED CONTENTS

<i>Foreword</i> .....	<i>xvii</i>
<i>Preface</i> .....	<i>xix</i>

## Part I. The Foundation of Healthcare Quality

<b>1. Healthcare Quality and the Patient .....</b>	<b>3</b>
<i>Maulik S. Joshi and Donald Berwick</i>	
Important Reports .....	4
A Focus on the Patient .....	10
Lessons Learned in Quality Improvement .....	11
Conclusion .....	27
Study Questions.....	28
Note .....	28
References .....	28
<b>2. Basic Concepts of Healthcare Quality.....</b>	<b>31</b>
<i>Leon Wyszewianski</i>	
Definition-Related Concepts .....	31
Measurement-Related Concepts.....	38
Concepts Pertinent to the Quality–Cost Relationship.....	44
Study Questions.....	50
References .....	51
<b>3. Variation in Medical Practice and Implications for Quality .....</b>	<b>55</b>
<i>David J. Ballard, Briget da Graca, Robert S. Hopkins III, and David Nicewander</i>	
Background and Terminology .....	56
Variation in Medical Practice .....	57
Scope and Use of Variation in Healthcare .....	64
Clinical and Operational Issues .....	65
Keys to Successful Implementation and Lessons Learned from Failures .....	67

Examples of Quality Improvement Efforts .....	69
Applying Variation .....	69
Conclusion .....	74
Study Questions.....	74
References .....	74
<b>4. Quality Improvement: Foundation, Processes, Tools, and Knowledge Transfer Techniques .....</b>	<b>83</b>
<i>Kevin Warren</i>	
The Quality Foundation .....	83
Quality Improvement Processes and Approaches.....	87
Quality Tools .....	93
Knowledge Transfer and Spread Techniques.....	98
Conclusion .....	104
Study Questions.....	105
References .....	105

## **Part II. Healthcare Quality at the Organization and Microsystem Levels**

<b>5. Data Collection .....</b>	<b>111</b>
<i>John J. Byrnes</i>	
Categories of Data: Case Example.....	111
Considerations in Data Collection.....	114
Sources of Data.....	116
Case Study in Clinical Reporting.....	128
Conclusion .....	131
Study Questions.....	131
Acknowledgments.....	131
Notes.....	131
References .....	132
Suggested Reading.....	133
<b>6. Statistical Tools for Quality Improvement .....</b>	<b>135</b>
<i>Stephen Schmaltz, Linda S. Hanold, Richard G. Koss, and Jerod M. Loeb</i>	
Fundamentals of Performance Measurement.....	135
Control Chart Analysis.....	142
Comparison Chart Analysis .....	147
Using Data for Performance Improvement .....	152
Conclusion .....	154
Study Questions.....	154

Appendix 1: Control Chart Formulas.....	155
Appendix 2: Comparison Chart Formulas .....	159
Appendix 3: Case Studies.....	163
Notes.....	172
References .....	172
<b>7. Physician and Provider Profiling .....</b>	<b>175</b>
<i>David B. Nash, Richard Jacoby, and Bettina Berman</i>	
Background and Terminology.....	175
Scope and Use of Profiling in Healthcare.....	177
Implementation .....	183
Provider Profiling in the Era of Healthcare Reform.....	185
Case Study.....	186
Study Questions.....	190
References .....	190
<b>8. The Culture Connection:</b>	
<b>Hardwiring Consistent Quality Delivery..... 193</b>	
<i>Quint Studer</i>	
How Is Quality Defined Today? .....	193
Why Accountability Matters .....	195
Evidence-Based Leadership .....	200
How Lean and Continuous Improvement Tools Fit In .....	204
Staying Focused.....	205
Study Questions.....	206
References .....	207
<b>9. Measuring and Improving Patient Experiences of Care..... 209</b>	
<i>Susan Edgman-Levitan</i>	
Regulatory and Federal Patient Survey Initiatives.....	210
Using Patient Feedback for Quality Improvement.....	212
Scope and Use of Patient Experiences in Healthcare .....	219
Keys to Successful Implementation .....	226
Lessons Learned, or “The Roads Not to Take” .....	229
Case Study.....	233
Conclusion .....	235
Study Questions.....	235
Notes.....	235
References .....	235
Suggested Reading.....	237

<b>10. Dashboards and Scorecards:</b>	
<b>Tools for Creating Alignment .....</b>	<b>241</b>
<i>Michael D. Pugh</i>	
Background and Terminology .....	241
Scope and Use of Dashboards and Scorecards in Healthcare ....	243
Clinical and Operational Issues .....	250
Keys to Successful Implementation and Lessons Learned .....	255
Case Study: St. Joseph Hospital .....	261
Conclusion .....	263
Study Questions.....	266
Notes.....	267
References .....	267
<b>11. Patient Safety and Medical Errors .....</b>	<b>269</b>
<i>Frances A. Griffin</i>	
Background and Terminology .....	269
Scope and Use of Patient-Safety Systems.....	273
Clinical and Operational Issues .....	286
Case Study: Order of Saint Francis Healthcare System .....	289
Study Questions.....	294
References .....	294
<b>12. Creating a Culture of Safety and High Reliability.....</b>	<b>297</b>
<i>Edward A. Walker</i>	
Prologue.....	299
Session One: Making the Commitment to a	
High-Reliability Organization .....	300
Session Two: Designing the High-	
Reliability Organization .....	305
Session Three: Influencing Individuals .....	309
Session Four: Creating a Culture of Safety .....	316
Epilogue: What are You Going to Do?.....	324
Study Questions.....	325
References .....	325
<b>13. Information Technology:</b>	
<b>Implications for Healthcare Quality .....</b>	<b>327</b>
<i>Ferdinand Velasco</i>	
Health IT Infrastructure and Information Systems.....	328
Electronic Health Record Systems .....	331

Privacy and Security .....	339
“The Decade of Health Information Technology”:	
The HITECH Act and Healthcare Reform .....	340
Telemedicine and Mobile Health .....	344
Health IT for Consumers.....	347
Keys to Successful Implementation and Lessons Learned .....	347
Conclusion .....	349
Study Questions.....	350
Acknowledgment .....	350
References .....	350
<b>14. Leadership for Quality.....</b>	<b>355</b>
<i>James L. Reinertsen</i>	
Background .....	355
Scope and Use of Leadership Concepts in Healthcare .....	360
Clinical and Operational Issues .....	364
Keys to Successful Quality Leadership and Lessons Learned....	365
Case Study of Leadership:	
Interview with William Rupp, MD .....	367
Conclusion .....	372
Study Questions.....	372
Notes.....	372
References .....	373
<b>15. Organizational Quality Infrastructure:</b>	
<b>How Does an Organization Staff Quality? .....</b>	<b>375</b>
<i>A. Al-Assaf</i>	
Quality Assurance, Quality Improvement,	
Quality Control, and Total Quality Management .....	375
Management Commitment .....	376
Allocation of Resources.....	379
Organizational Structure.....	380
Increasing Awareness of Healthcare Quality .....	382
Mapping Quality Improvement Intervention .....	383
Challenges, Opportunities, and	
Lessons Learned for Sustaining QA/QI .....	387
Case Example .....	389
Study Questions.....	391
References .....	391
Suggested Reading.....	391

<b>16. Implementing Quality as the Core Organizational Strategy.....</b>	<b>393</b>
<i>Scott B. Ransom and Elizabeth R. Ransom</i>	
Implementing Quality in Healthcare Organizations .....	396
Case Study: An Academic Medical Center's Journey to Quality.....	407
Study Questions.....	419
References .....	419
<b>17. Implementing Healthcare Quality Improvement: Changing Clinician Behavior.....</b>	<b>423</b>
<i>Valerie Weber and Jaan Sidorov</i>	
Understanding Change Management in Healthcare .....	423
Active Implementation Strategies .....	430
Addressing the Cost of Implementation .....	438
Keys to Successful Implementation and Lessons Learned .....	440
Case Studies.....	442
Conclusion .....	446
Study Questions.....	446
References .....	447

### **Part III. Healthcare Quality in the Environment and Emerging Trends**

<b>18. The Quality Improvement Landscape.....</b>	<b>455</b>
<i>Kimberly D. Acquaviva and Jean E. Johnson</i>	
Quality Improvement Organizations .....	455
Drivers of Quality .....	456
Quality Measure Development Process .....	464
Trends in Quality Improvement.....	466
Trends and Initiatives in Specific Healthcare Sectors .....	474
Case Studies.....	478
Conclusion .....	486
Study Questions.....	486
References .....	487
<b>19. Accreditation:</b>	
<b>    Its Role in Driving Accountability in Healthcare.....</b>	<b>495</b>
<i>Diane Storer Brown and Kevin Park</i>	
Background and Terminology.....	495
Use of Accreditation in Healthcare .....	501
The Future of Accreditation: Challenges and Changes .....	509

Conclusion .....	520
Study Questions.....	520
References .....	521
<b>20. How Purchasers Select and Pay for Value:</b>	
<b>The Movement to Value-Based Purchasing .....</b>	<b>525</b>
<i>François de Brantes</i>	
Evolution of Value-Based Purchasing .....	526
Background and Terminology.....	527
Case Study: Bridges to Excellence:	
A Pay-for-Performance Model .....	529
Patient-Centered Medical Homes .....	530
Case Study: PROMETHEUS Payment:	
A New Frontier in Value-Based Purchasing .....	533
Conclusions and Key Lessons.....	538
Study Questions.....	538
References .....	538
<b>21. Transforming the Healthcare System for</b>	
<b>Improved Quality .....</b>	<b>541</b>
<i>Steffanie Bristol and Maulik S. Joshi</i>	
Transitioning from Volume-Based	
Care to Value-Based Care .....	541
Emerging Quality-of-Care Issues .....	543
Conclusion .....	558
Study Questions.....	558
References .....	559
<i>Index .....</i>	563
<i>About the Editors.....</i>	605
<i>About the Contributors .....</i>	609
